High School Seniors Can Compete For State Scholarships On Feb. 1

"With our new state scholarship program, Illinois will take the lead in conserving and developing our most precious asset—brainpower." Lloyd S. Michael, chairman of the newly formed Illinois state scholarship commission and superintendent, Evanston township high school, said today.

Illinois high school seniors will compete on Feb. 1, 1958, for \$600,000 in first-year scholarships to Illinois colleges and universities, announced Dr. Michael. The Illinois High School Association is cooperating in this important program by clearing its schedule of all conflicting activities on Feb. 1.

Science Research Associates of Chicago, a nationally prominent educational testing and consulting organization, has been retained to construct, administer and score competitive examinations. The examinations will be held on college and university campuses throughout the state. Test results, and the students' high school records, will be used to determine capacity to profit from higher education.

Assembly Votes the Money

The new House Bill No. 380 enacted by the Illinois general assembly provides scholarships for any resident of the state of Illinois of good character who will have completed high school by the end of this school year, is in the upper half of his class, who demonstrates superior capacity to profit from college work, and who is unable to finance his college training. Honorary awards will be given to students who qualify for scholarships but who are not in need of financial aid, stated Dr. Lyman J. Smith, executive director, who will assume his new duties on Jan. 1.

Oaktron Burglary Trial Continued Until Dec. 30

Another continuation was granted the two Midlothian youths, Richard Knade, 22, and Walter Bethman, 20, who allegedly confessed to burglarizing Oaktron, Electric Co., Tinley Park, on Nov. 8.

The case first came before Justice of the Peace, Roy Benson, in Orland Park on Nov. 25 when it was continued to Dec. 20. At this hearing, the case was continued to Dec. 30, on the decision of the judge and assistant states attorney.

The first continuance was granted because the youths had promised to make restitution to the company.

The youths are alleged to have confessed to burglarizing the company on Nov. 8. A total of 91 payroll checks were taken besides a check writing machine.

They were apprehended after cashing several of the checks. The Tinley Park police department were responsible for the apprehension of the youths.

When a man brings his wife flowers for no reason, there's usually a reason.

Orland Grade School Joins TB Crusade With "Bangle Days"

The Orland Park grade school participated in the fight against tuberculosis with pre-holiday "Bangle Days."

Students received colorful Santa Claus buttons and bangles—small plastic ornaments carrying the red, double-barred "TB" cross that may be pinned to clothing.

The buttons, pins, and educational material passed out helped acquaint the children with the TB Institute's Christmas Seal campaign and its year-round struggle against the disease.

The county-wide school fund drive raised \$7,724 last year.

Trailer Truck Burns In Frankfort When Flat Tire Explodes

A semi-trailer was damaged by fire in Frankfort Tuesday night, caused by friction from a flat tire.

The driver, who had traveled some distance with the flattened tire, stopped at Massey's Service station, routes 30 and 45, to change it. The tire suddenly exploded and went on fire and extended to the remaining seven tires on the truck.

Some damage was done to the body of the truck before the fire was extinguished by the Frankfort fire department.

The Trans-American Freight Line semitrailer was travelling from Sioux City, Iowa to Michigan on route 30, with a load of meat and lard.

Damage to the tires was estimated at \$800. The amount of truck damage was not reported.

The Commission will meet the third Wednesday of each month. A meeting place has not as yet been decided.

The Commission is desirous of working closely with other Planning Commissions in neighboring communities.

Mrs. G. J. Yocum to Head Mothers' March on Polio

Mrs. George J. Yocum, 6615 - 175th has been named Tinley Park Chairman of the annual Mothers' March on Polio, it was announced by Joseph B. McCarthy, campaign chairman of the 1958 March of Dimes at Tinley.

The one-hour, one-night march will take place from 7 to 8 p.m., Thursday, Jan. 30 and will be a climax to the Polio Foundation's 20th annual fund raising drive.

Harold C. Moore, police chief, had presented a claim for \$1,053 and Officer Peter Seeley, for \$883.74 for overtime pay, for the period from February 1956 to August 1957.

At a meeting last Saturday of the finance committee, village attorney Robert Biederman, and the police officers, a mutual agreement was reached whereby the village will pay a percentage amount of the claims.

Moore will receive \$482.73 and Seeley, \$401.71 covering the period from February 1956 thru December 1957, finance chairman, C. Robert Lillie, has announced.

It was also mutually agreed that such a situation will not arise in the future with the hiring of two additional men in the department.

An examination was recently held by the police and fire commission, in which five prospects participated. No announcement has as yet been made on the results of the examination.

An amendment to an ordinance recently enacted by the village board will be presented at the Jan. 6 meeting. The ordinance establishes the salary of the police department.

It also provides for weekly payment of salaries and deductions as provided by law for pension funds, social security, withholding tax, and insurance.

Automatic increases are provided for at the first, third, sixth, ninth, and twelfth year of service, equivalent to the percentage figure set forth in the salary schedule.

According to the ordinance, the salaries of police officers will be reviewed the first of each fiscal year, the finance committee taking into consideration the United States department of labor take-home pay schedule and will make any adjustments in the salaries established as are necessary because of fluctuations in the cost of living.

Besides a five per cent increase the first of the year, Moore and Seeley will receive a supplementary amount retroactive to Jan. 1, 1957, based on the cost of living index.

A pension plan for village employees has been studied for some time. The attorney and board expect to reach a decision on this in the near future.

Farewell to Local Schools

Homer school children as well as parents and teachers, celebrated Christmas in each local school with feeling of mingled regret and expectancy last week for when school reopens Jan. 6, the pupils from five schools will board buses to go to the new Homer Consolidated school on Homer road near Rt. 7. This will end an approximately one hundred year era, during which the citizens of the township have been served by these same schools, and for the most part, they have served efficiently.

Ross school had their entertainment and tree in the Homer church dining room Thursday evening. Their teacher, Evelyn DePra, is a native of Homer and has taught in this area a number of years. This building has been too crowded for comfort recently.

Wells Corner pupils and teacher, Mrs. Rodgers, had a Christmas tree and party Friday afternoon in the school house. Mrs. Rodgers, also a Homer native, has had much experience in local schools.

Goodings Grove school had a program and party Friday evening, directed by their teacher of several years, Mrs. Lahman, who is to be principal of the new school.

Christmas Guests

Guests in the Jerome Paddock home were Mr. and Mrs. G. M. Milton, Mr. and Mrs. Willard Rowley, Jr. and children, Mr. and Mrs. R. C. Storm, Mrs. F. J. Paddock, all of here, and Martin Rott and Mrs. George Milton, Jr. and son of Plainfield.

Wednesday evening Hadley school put on their customary delightful entertainment with Santa and all the trimmings, under the direction of the two teachers, Mrs. Jensen and Mrs. Ingersoll.

An unusual coincidence in the history of this school is the fact that these two teachers, Mrs. Jensen, then Gladys West, and Mrs. Ingersoll, then Florence Aspel, each began her teaching career in this same school, and at that time had as pupils, several of the parents of children now in school. In all Mrs. Jensen has spent approximately 14 years directing the young hopefuls of Hadley district.

All of these teachers with the exception of Mrs. Ingersoll, who prefers to do only substitute work, will go on to the new school where there will be about 150 pupils.

Little Scott Hollister, youngest child of the John Hollisters, has been hospitalized for a few days with a bad attack of flu. He is improving.

There will be the usual services at Homer church Dec. 28, and on New Year's Eve, a social time will be enjoyed in the basement of the church, beginning at 9:30, with a Watch-night service at midnight, in the sanctuary.

The board has met in special sessions with representatives from eight engineering firms in order to make a selection of engineers.

By unanimous vote of all trustees, the Walter Wilson and Associates has been retained for the planning and installation of sanitary sewers, contingent upon a mutually acceptable contract.

Citizen Group To Aid County Zoning Board

Walter Fierke, chairman of the Tinley Park Plan Commission is serving on an advisory citizen committee whose views and recommendations are being sought by the county zoning board in establishing a revised county zoning ordinance.

A preliminary draft of the residential section of the new code is being prepared.

Commissioner John Duffy, chairman of the county board's building and zoning committee has requested three citizen committees be set up in the north, south, and west sectors of the county. Their recommendations will be considered in drafting the new ordinance.

The committees are composed of village and city officials, and local home-owner groups and associations. Fierke will represent Tinley Park and Mayor Elmer H. Knudsen, will serve as an alternate.

Ready by 1958

It is expected the county zoning ordinance will be ready for adoption by the county board by the end of 1958. Under state statute, the proposed ordinance will be submitted to the county zoning board of appeals for a series of public hearings and recommendations.

The county board wishes to work with communities for a more harmonious blending of county and local building.

Land use in the county is more restrictive, due to the fact that specific dimensions must be met.

There are six residential zoning districts under the new proposal, ranging from 7,500 square foot lots required for homes to five acres as a minimum. Other lot sizes would be one acre, one-half acre, and one quarter acre.

AID POLIO SUFFERERS

Next Thursday, Jan. 2 the month-long March of Dimes begins thruout the country.

The 1958 campaign will be the 20th annual fund raising drive held in this country since the National Foundation for Infantile Paralysis was founded in 1938.

This year's goal, as in all past years, is to stamp out forever the dreadful and crippling disease known as poliomyelitis.

Perhaps one of 1957's greatest blessings has been the decline of new polio cases, brought about by the widespread use of the Salk vaccine which was developed with March of Dimes funds.

But, what about the thousands of polio victims for whom the Salk vaccine came too late? A second look tells you that polio isn't over for them yet.

The Polio Foundation points out that 300,000 living Americans have had paralytic polio, half of them during the past decade. It is estimated that one out of three of these still have some form of disability that can be remedied or alleviated.

As long as wheelchairs, braces and crutches are needed for those victims who still may be helped, mere survival is not enough.

"Operation Comeback," or the further rehabilitation of as many polio victims as possible, is the immediate aim of the 1958 March of Dimes.

More than 50 per cent of the contributions donated in the 1958 campaign will go to the unique patient-aid and rehabilitation programs.

This program of rehabilitation that will offer a new look to the polio patient must succeed if we are to assist polio patients in rebuilding their lives and assuming useful places in the community.

We hope you will give generously to the '58 March of Dimes.

Templars Give Funds To Aid Research For Saving Sight

The Knights Templar Eye Foundation, which is conducting a national program for prevention of blindness, has given \$15,000 to the Indiana University school of medicine for research, according to E. W. Boyden, commander of the Gary Commandery.

Mr. Boyden, who is supervisor in the stainless steel division of the Illinois Steel Co., at Gary, resides at Gary but also has a home at Lincoln Estates.

The Eye Foundation is sponsored by the Grand Encampment of Knights Templar of the United States and is supported by the commanderies that make up the national organization, which is one of the bodies of the York Rite of freemasonry. Dr. F. M. Wilson, of the Indi-

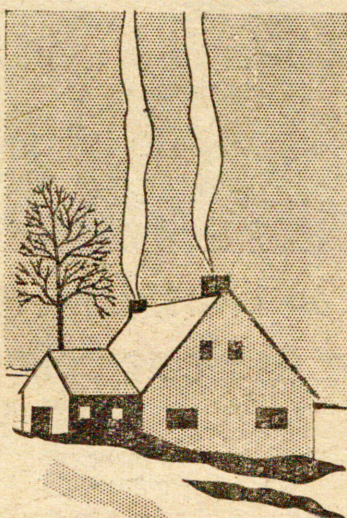

ana school of medicine, said that about half of the 8,000 patients who come to the eye clinic there annually are children whose eyesight is threatened by disease or injury. About 600 Indians lose their sight each year, Dr. Wilson said, because of disease or injury.

Sandburg Takes Lincoln-Way 72-47

Eagles Board Control Gives Them Victory

By FRED KIESLAR

Carl Sandburg's varsity basketball team, which has high hopes of copping the Southwest league crown this year, showed it meant business when it buried Lincoln-Way in a conference game last Thursday night, 72 to 47.

Lincoln-Way has been more dangerous this year than its record indicates and Sandburg approached its encounter with the Knights with a do or die attitude and demonstrated that an offense that clicks is a pretty good defense.

The Sandburg Eagles rang up 32 baskets to 15 by the Knights. Accuracy at the free throw line enabled Lincoln-Way to keep from being completely outdistanced. The Knights had 22 chances from the free throw line and made 17 of them. On the other hand the Eagles had a chance to make a total of 17 charity tosses and cashed in on eight of them.

The story of the game could be told quite briefly—Sandburg was best off the boards. You can't score without the ball and statisticians recorded that Sandburg got 57 rebounds—Hill had 22 of 'em—to Lincoln-Way's 28.

Big Hill not only was getting rebounds but he also tallied 15 points for Sandburg—12 by baskets, and three free throws.

The hot shot for Sandburg, however, was Pat Ford. Pat counted 11 buckets and two free throws for 24 points. This total made him top scorer for the game. Arnold and Aird each totaled 14 points for Sandburg, Hall four and Allen one, and that was that.

On the Lincoln-Way side of the ledger, Jessen was high with 16 points and Zechlin was next with 11. The other three to count were, Yunker, 8; Sorrell, 7 and Dusek, 4.

Sandburg held an 11-point lead, 20 to 9, at the end of the first quarter and lead 35-22 at halftime. The Eagles scored another 15 points in the third frame to Lincoln-Way's 9 to make the counts 50 to 31 as the last period started. In the final quarter Sandburg registered 22 tallies to 16 for Lincoln-Way so the score at game-end was 72-47.

Bremen Cagers Beat Evergreen By 15 Points

Bremen's Battling Braves tripped Evergreen Park last Friday night in their march to the Southwestern Suburban Conference basketball championship, 78-63.

The two teams battled on even terms during the first two quarters and at the half, Evergreen was on the long end of a 31-29 score.

In the third quarter, however, Bremen scored 26 points, while Evergreen was able to collect only 11 to lead their opponents 55-42.

The fourth quarter found the teams playing on even terms.

Dale Hartwig and Richard Tindall led Bremen scoring with 22 and 18 points respectively, while Evergreen's Dapkus and Hutchinson divided honors with 14 apiece.

The Bremen frosh-soph also copped the curtain raiser to the tune of 60-40. Lapore, of Evergreen, led the scoring with 18 points.

The Bremen teams will be idle until Jan. 10, when they play host to Reavis.

Knight Grapplers Drop Match To Evergreen Park

The Lincoln-Way Knights dropped a close wrestling match, 22-19, to Evergreen Park last Tuesday in the Mustangs' gym. The outcome was not settled until the last match, when, with the score 19-19, Evergreen's Jim Thornton decisioned big Edward Smith, 5-0. As the score indicates the match was very close; three matches were determined by riding time. However, Lincoln-Way at one time led 17-0, due to their great strength in the lower weights.

Tony "Tiger" Santerelli was the only Knight to score a pin, his first of the season. After three consecutive victories by the Zitter brothers, who make up the backbone of the L-W squad, Mike Segvich defeated Rich Engle, 6-2. In the 138 pound division, Dave McGuire fought from behind to salvage a 2-2 draw with the Mustangs' Phil Miani, whom Dave had previously beaten.

The next bout saw Lincoln-Way's Paul Thomas drop a tough, 4-2 decision to Mike Indovia. He was followed to the mat by Bill Zelko, who lost a real heartbreaker to Tony Macri on riding time. Evergreen's ace, Dave Earl, made short work of freshman Johnny Charvat in the next match, pinning him in the first period. Lincoln-Way's next match will be an afternoon home contest against Rich Jan. 6.

Henry Jessen Leads Lincoln-Way to Win Over Lemont 55-40

On Tuesday, Dec. 17 the L-W Knights toppled Lemont, 55-40 in a non-conference cage game played at Lemont. Taking this game gave the Knights a 4 win, 3 loss record for the part of the season played up to date.

The Lemont game, from the first quarter, was not a close affair, although the Indians outscored the Knights by four points in the second frame. The Knights, however, kept the lead they had acquired in the first period when they topped Lemont by 10 points.

The Knights came back fighting in the third period and again topped Lemont, this time by seven points, but weren't quite so far ahead for the fourth period as the Indians scored 11 to the Knights 13 in that frame.

High scorer for the Knights was Henry Jessen, with 25 points. Don Weber came out with the score of 14 points, to be top man for Lemont.

In the opener, the frosh-soph Knights nosed out the Indians, 50-47.

The Knights accumulated a lead of 17 points by the end of the third period by topping the Indians scoring by nine points in the first, two in the second, and six in the third. They were to need this lead badly in the fourth period when the Indians scored 16 points while Lincoln-Way, seemingly unable to hit anything, scored only two.

High scorer for Lincoln-Way in this tilt was Tom Peterson with 12 points. Smitty Campbell scored 16 points to take top position for Lemont.

Read Psalm 150.

Out of the mouth of babes and sucklings thou hast perfected praise. (Matthew 21:1.)

A small boy five years of age attended Sunday school for the first time. Returning home he excitedly showed his mother a card on which was a picture of the Saviour as the good Shepherd. Underneath were the words, "God is love." His mother asked the child what was written, and what the teacher said about it. The child thought for a moment and then replied, "I think, Mummie, teacher said it was 'God has sent his love to you.'"

That was exactly what God did when He sent His Son to proclaim the great fact that God was a loving Father. Through Jesus, God sent His love to everyone on earth. In Jesus we see the condensation of almighty Love "Fitting His stature to our need" that He might lift us up to His heaven.

St. Augustine once wrote about God's love for the individual: "Thou carest for every one of us, as if thou carest for him only; and so for all as if there was but one."

PRAYER

Thanks be to Thee, O God, that nothing in this world can separate us from thy love. Neither death nor life, nor angels, nor principalities, nor powers—nothing is able to separate us from Thy love, which is in Christ Jesus our Lord. Amen.

CHRISTIAN SCIENCE CHURCHES

The ever-availability of the healing power taught and practiced by Christ Jesus will be brought out at Christian Science services Sunday, December 29. Scriptural readings in the Lesson-Sermon entitled "Christian Science" will include the account in John (4:46-53) of Jesus' healing of the ruler's son that lay sick at Capernaum.

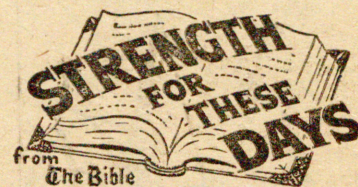

From "Science and Health with Key to the Scriptures" by Mary Baker Eddy will be read the following (329:1): "As time moves on, the healing elements of pure Christianity will be fairly dealt with; they will be sought and taught, and will glow in all the grandeur of universal goodness."

The Golden Text is from Daniel (2:20,22): "Blessed be the name of God for ever and ever: for wisdom and might are his: . . . he revealeth the deep and secret things."

Christian Science Program to Begin on WLS Dec. 29

Commencing Dec. 29, Station WLS (890 kc.) will be carrying a new program. At 6:45 p.m. Sundays, the station will broadcast "How Christian Science Heals."

On each program listeners will hear an actual example of healing through prayer as it is understood in Christian Science. The persons who experienced the healing will tell their own stories. They are not actors. The Dec. 29 program features a man from Iowa who describes his healing through spiritual means alone of a glandular condition which had been diagnosed as incurable.

...there is no God like Thee
...Who keepest covenant with Thy servants that walk before Thee with all their heart.— (1 Kings 8, 23.)

Loving God, living and being and moving in Him, is no part-time just-on-Sunday practice if we are to fulfill ourselves as His children. The truly blessed are those who love and obey Him "with all their hearts" every living moment.

FARM NEWS

For
Cook County
by
W. F. Whiteside

assistant farm adviser

The soybean variety trial on Fred Niemeyer's farm, Rich township, yielded quite well. Yields ranged from 33.46 bushels per acre for the Harosoy to 28.72 for the Chippewa. The Adams variety went down and was the last one to mature. Chippewa is about 10 days to 2 weeks earlier than Harosoy. The bushel per acre yields for all the varieties are as follows:

Harosoy, 33.46; Adams, 32.67; Hawkeye, 32.47; Lincoln, 30.66; Chippewa, 28.72.

The third recreation training school was held last week. 4-H leaders and members followed their motto "Learning by Doing" by planning and holding a party at the final meeting. Everyone was given a committee assignment and they put to practical use the training they received at previous schools.

Among the local leaders who attended all three meetings were: Earl Siemsen, Tinley Park; Marion Ebersole, Park Forest and Joe Mulderink, Blue

Island. Sunny Dickens, Extension Recreation Specialist, University of Illinois, gave valuable assistance to all who attended.

I have received several questions concerning lights on evergreens outside the house. The heat of the lights apparently does not cause any plant responses such as soft branches and induced growth. Of course, if there is sufficient heat to burn the twigs this would be damaging.

The Cook County Health Improvement association will have its annual enrollment period Jan. 6 thru Jan. 20. Information can be obtained at this office. The Association is sponsoring two nursing scholarships which are awarded each year to particularly outstanding girls interested in a nursing career. Carol Siemsen, Tinley Park, was the winner of the scholarship last year.

Elaine Elbers, Tinley Park,

president of the 4-H Federation, report a very successful tree trimming and Christmas party. The Federation also made plans for the Annual 4-H officers' training school to be held Jan. 14.

As a protection against fire, set the trunk of your Christmas tree in a container of moist sand; however, if you keep the tree inside longer than 10 days to two weeks, it will become dry and a serious fire hazard even with the best of care.

OLD S.C.

YOU'RE DEAR TO ME

Nobody has ever had a more lovable Santa Claus than we had last week, at our "Night With Santa Claus". In all my 30 years, child and woman, I never saw Santa be more tender, more loving, or more reassuring.

It seemed a terribly long wait that night, but when we finally edged closer to the old dear—that same thrill was felt in the air. Each child watched him with loving awe and a bit of fear. But then—the magic moment when he reached out his round arms and invited each trembling child onto his wide warm lap and closed him in with safe loving care.

Our Santa Claus did something I bet very few times has been done for such a crowd: he wrote down a long, long list of every single toy that every single child asked for. So they knew he had to be the real Santa Claus, and thus they had to believe he would send them what they ordered.

It was delightful to see the great number of family cars that ringed the little country school house when we drove up. Why, every parking place around the gravel seemed filled and inside the little children were standing in a line clear out into the lobby of the building! How popular Old S.C. is, was, and shall be!

There are rumors that by next year we may have enough civic groups organized to sponsor a ride through town by Santa Claus! Wouldn't that be a thrill? (And in case this does happen, may I nominate for the role of Old S.C., our good neighbor with the magic touch and the twinkling eyes—none other than this year's Santa, Mr. George Hein.)

CALENDAR OF EVENTS

Monday, Jan. 6

BACK TO SCHOOL

Don't forget the bus stops: Cicero & 181st, 183rd & John, 182nd Pl. & Mary Ann, Thomas & Michael, 177th & Baker, 179th & Anthony, 180th & Anthony, 182nd Pl. & Anthony.

Remember to send the older children just a few minutes before 9:15, as the teachers do not arrive at their buildings til then. Classes begin at 9:30. Do not send the children too early in freezing weather!

Wed., Jan. 8

MOTHERS CLUB

Newcomers welcome, to meet

other mothers of school district 160, have social evening, refreshments, and plan social events to raise money for our needy school. President, Mrs. Lillian Thomas. Call SY 8-6728 for information.

End of January

Arrival of Fire Engine

Indefinite delivery date, but any time now, our gleaming brand-new fire engine, fully equipped, will roll into its new station house.

The station-house is just about ready for it and the volunteer firemen plan to organize, begin regular publicity releases soon, and maybe plan an open house for us! Wouldn't it be fun to actually pet a new fire engine? All the children could touch it, maybe we could hear its bells and sirens, or whatever gadgets it will have.

Our donations a few weeks ago have been used to order fire hats, boots, etc. for each man on the volunteer force. The engine was obtained by a commercial loan, which our taxes will repay in the future. So you see, all that shiny equipment really belongs to US!

Thursday, Jan. 16

PTA OPEN MEETING

Every citizen of this surrounding area, school district 160, will be invited to this first public meeting for information and listing of membership for the coming year. Temporary chairman for planning the meeting is Don Swanson. Call KE 2-4873. Nominations for election of officers will be planned.

—o—
End of January

HOME OWNERS ASSOC.

Indefinite first meeting of elected representatives, will each be notified of date, time, and place. I believe there are around 50 representatives, elected by their neighbors at weekly meetings during past two months. (Since I was elected, I can give detailed reports after the first meeting.)

Let's hope this develops into a form of town council, with first, powers of zoning, maintenance, etc.—and later law and order—that should encompass, 1, our shopping center; 2, our police protection; 3, parks and playgrounds; 4, public meeting halls. Well, maybe I'm too optimistic—but what other group out here could do it?

—o—
Thursday, Jan. 23

PTA ELECTION

Public election from names nominated from earlier meeting. If you wish to serve, attend Jan. 16 meeting and offer your name as candidate.

WHITE GRAVEL

At last the play area behind the three temporary schools has been covered with an extra load of clean white gravel. Now—if it can just be leveled up to the back doors! What about those three holes where tanks were removed? Water stands three feet deep in them!

I can see the older boys cheerily playing ball out there now on the stretches of gravel. Every little bit helps. After all, the buildings may be temporary, but the children are not! If they have to spend two long years in those houses, they need more attention given to their play area.

TRA-LA-LA

Did you see the funny little "Frostie, the Snowman", who in-

vited singers to carol through our streets last Saturday before Christmas?

Carl Timmerman, who has a marvelous deep voice, was asked to lead the carolers. It was sponsored by the Country Club Hills Christian church.

Another group was invited an earlier night to carol on Baker st. Personally, I thought the carolers on Ed. Murrow's television show had the best idea: they sang from a cozy station wagon. Next year, we might have four or five mechanized choruses—tra-la-la. Practice up, it's only 12 months til Christmas.

ELIZABETH LOVES HIM

Did you know that out of that crowd (mob?) of tots who waited in line to see Santa Claus last Thursday—only one loved him enough to give him a present? One did. Elizabeth White gave Santa a paper chain of Christmas colors. Wasn't that thoughtful of her?

Santa was touched, too. Elizabeth—because he called me to tell me about it!

Speaking of that Night With Santa. When I first mentioned the idea to the Citizens Committee, all was doubtful. We knew it depended on the weather, on handling penny treats, on whether the parents would rather take their children to nearby towns for commercial Santas, etc.

But, true to their untarnished record of civic service, the good old Citizens committee came through—even so far as holding back a rainstorm til 9 p.m. (Did you notice?)

Just the names I know about who gave materials, time and talent, to the Night With Santa Claus (some not even members yet) were:

Bill Picek, Florence Jones, George Hein (you know who!), Hazel Marquardsen, Mary Jensen, Gracie Marquardsen, Rusty Wilson, Jessie Hein, A little boy Ronnie (?), Don Wilson, Bill Marquardsen, the teaching staff (who distributed the announcements); Mr. Tobin, Ellen Tryner, Ann Clark, and all the Citizens committee (who gave their dues to buy the candy and toys) and two teen-agers named Ray.

It's amazing to realize how many, many individuals contribute to offer such a simple-looking event, isn't it? But it's a happy thought, too. It is love that brings forth such contributions. Love and hope that by working together we will create a better world to live in.

HAVE A MAP?

There has been a wonderful detailed map of our village, including unit 3 across 183rd st., put out by the Citizens committee. It is free and may be obtained by calling Bill Marquardsen, SY 8-5593. This map lists every lot number, so be sure to have one in your home.

BE A CAREFUL GUEST

Mr. Beam, president of our school board, is planning to issue new rules to be observed by the countless civic groups that by now are using the school buildings for their public meetings. Since there is no village hall or auditorium, the poor little school bears the brunt of all such meetings.

Naturally, there has been confusion about moving desks back, using top surfaces, using blackboards, etc. The school board reminds us to be careful guests when we borrow the teachers' premises.

My personal suggestion is: Name a Clean-Up committee first thing! At last count, seven different groups had scheduled meetings at the school buildings! We are indeed a healthy community.

TRACK IT DOWN

When you have a question, a suggestion, or an idea concerning our common welfare, track down the proper source of aid and take it to that source.

School Board: All concerns a-

RECEIVING CHARTER from John D. Danforth, district chairman, for newly organized Cub Scout pack in Country Club Hills, is Carl C. Timmerman. The charter was presented at ceremonies in the school, 184th and Central ave. on Dec. 23. The pack is in the Pokagon Trails council and is No. 286. It is sponsored by the Citizens committee, of Cooper's Grove. (Bob Porter photo).

bout school, teachers, buildings, scholarship ratings, maintenance, the April election of 7-man school board. Anything and everything that affects our school grounds, our teachers, and our pupils should be sent to Clarence Beam, 4735 182nd Pl., phone SY 8-5581. He was elected to handle the petty and the major questions we ask.

School Principal: Andrew J. Tobin, can be called at KE 2-2439, the school office, but only for vital questions concerning reports about bus time, teachers' hours, etc. directly concerned with eaching staff or rules regarding students and teachers.

Citizens Committee: A hard-working, open group of any and all neighbors who have ideas for bringing us closer together and improving community spirit. Have given funds to school, presented Night With Santa Claus, and organized our only social dance. Come to Bill Marquardsen with civic ideas. Call SY 8-5593.

Mothers Club: The place to meet other mothers and learn the history of our little school district 160. Come to Mrs. Lillian Thomas, SY 8-6728. Has given Christmas treats to class rooms, ice cream, sick cot mattress, social events, and major school equipment.

Home Owners Assoc. Tentative contributions. Begins with all residents' questions on road maintenance, property appearance, building permits etc. Call your block representative. (This list should be printed later.)

Volunteer Fire Dept. Questions on our fire insurance, type of fire equipment we will have available, etc. Call Frank Daniels, SY 8-5607.

Rusty Wilson. This sounds conceited, but I list myself as a source of aid when none of the above seem to fit. For instance, I have accumulated my own private list of names and phone numbers of people I know absolutely to be hard working and reliable. I have available names of all leaders in all groups. A great many things I learn are not printed, as I try to edit my sources and my copy. It is possible, however, I can unite two groups or two people who desperately need each other. Last year I was befuddled by civic work going on around me. This year I have been forced to record so many events, names, and dates, that I might as well offer myself as sort of a "walking Encyclopedia on Country Club Hills."

One recent incident—out in the farm section of our school district was a man who knew how to get a PTA started but couldn't seem to find the workers. Here inside our village were 3 or 4 women perfectly

eager to offer their homes and energies to begin a PTA, but didn't quite know where to start. All I did was exchange their phone numbers. And a few days later 23 men and women were off, launching a community enterprise they believed in.

CRASH UP

There was a terrible crash accident at 183rd and Cicero last week. When my husband passed the scene at 7:30, local police cars had been working hours to detour traffic and remove the two vehicles—a semi-truck and a station wagon.

The next day, a teen-age boy told me the man who had been in the station wagon died on the way to the hospital.

Would you sign a petition if one of the civic groups begins one to demand safety signs on the highways surrounding us?

PAMPHLETS COMING

The PTA Planning committee has met and chosen two explanatory pamphlets about the work of the PTA to be mailed to citizens of school district 160.

Those who edited selection of material were: Mr. and Mrs. Don Swanson, Mr. and Mrs. Charles Van Horn, Mrs. Keyes, Mrs. Tonner, Mr. Moore, Mr. MacKenzie, and Mr. and Mrs. Hein.

WELCOME, NAYBER

Happy New Year to the amazing rows of houses that are lighting up across 183rd st. (south). Heavens! Every weekend, it seems another five have moved in!

Last week-end, Christmas lights were blazing warmly from the solid block of John ave., up onto the crest of that hill. How exciting it must be to move into your new house for a Christmas present! Stop over and say Happy New Year to them.

By the way, tell them about this paper, if you can. Copies are still available at my home, the Redwood house at the intersection of 179th and John. Call me about anything—Rusty Wilson, SY 8-5669. Til next week then.

MAY YOU FARE WELL

"Certainly electric power is a needed public service and one which the people of this nation can provide for themselves thru free enterprise and does not need to be exploited under the authority of the United States government or by the use of the taxpayer's dollars. This notion that the federal government should build and operate generating plants to provide public power, whether it be produced by nuclear energy or any other fuel is repugnant to any concept of free enterprise." —Palatka, Fla., Daily News.

National Tea President Announces Promotions Among Top Executives

H. V. McNamara, president, National Tea Co., operators of National Food Stores in the Detroit area, today announced important top-level executive appointments affecting two of the company's branches.

Robert S. Corwin has been promoted to general manager of the Detroit branch of the company and will be in complete charge of the company's operations in the Detroit and eastern Michigan area and northwest Ohio, where National operates a total of 70 stores, and has expansion plans for opening an additional 15 stores within the next year.

Corwin for the past year has been assistant branch manager in charge of merchandising in National's Chicago branch, the largest in the company. Prior to becoming assistant to the general manager of the Chicago branch operations, Corwin was sales and advertising manager of the Detroit branch for two years, and before that was a branch manager for another mid-western food chain at Peoria.

Walter Wheelock, former branch manager for National Food Stores Detroit, is returning to his home town of Minneapolis, where he will fill an important executive position in the operating staff of the Minneapolis branch, which is one of the company's largest.

Open New Store

Corwin will be succeeded in the Chicago branch by Lou C. Fahlberg, who is promoted to assistant branch manager in Chicago. Prior to this appointment, Fahlberg was sales and advertising manager in the Chicago Branch of the company, and before joining National Tea earlier this year, was general manager of a regional food chain in western Michigan. In the chain of appointments, Fahlberg is being succeeded in the Chicago Branch of the company by Melvin Fraisl, formerly district sales manager for National Tea in Chicago, who now becomes sales and advertising manager of the Chicago branch.

In announcing these changes in management, McNamara stated: "These promotions and shifts in top level executive personnel are in line with the company's plans to continue its aggressive expansion of stores thru-out our present territory. During the year 1957 to date we have already opened 61 new super markets and we have another 122 new stores under lease for opening in 1958 or early in 1959. Such expansion of our basic company, plus acquisitions of other regional chains, is demanding on our management team, so as we grow in stature, so must we grow in our executive organization for the intelligent administration and management of our expanded operations. The changes announced give us the desirable executives in the right places with the required experience and necessary background to help us continue to progress and expand our operations and to assure our customers of the most modern, economical food services."

CUB SCOUT NEWS

Den 5 of the Orland Park Cub Scouts met at the home of their den mother, Mrs. John Cruise, Dec. 17. The boys finished making Christmas gifts for their mothers.

The Pack meeting of the Orland Park Cub Scouts was held in the Orland Park grade school Friday, Dec. 20 at 7:30 pm.

After the business meeting, a gift exchange was had with Santa Claus handing out the gifts. Den 2 led in singing Christmas carols. Refreshments were served.

Stay alert. Don't let the rush and crush of last minute shopping, crowded streets and all the general hustle distract you when you are walking or driving.

In summarizing the opinions of a group of economists, participants in the National Industrial Conference about ten days ago, the chief economist of the group, Mr. Martin Gainsbrugh, stated that if 1958 warrants the label "recession", it will be one of the most prosperous recessions on record.

The economists came to the conclusion that 1958 will be a year in which the number at work will be close to full employment as against the "hyper full" employment of recent years.

In periods of active securities markets, people some times become so involved in immediate problems, that they lose sight of factors of investment appraisal that they would normally consider very important. Successful investing requires constant and alert attention to the changing pattern of business fortunes so that investments held, will, at all times, be representative of the most satisfactory investments "then available."

The changing pattern of American business is shown by a recent study by the First National City Bank of New York of the 100 largest manufacturing companies in the United States. The bank pointed out that being a member of the "100 largest" gives no assurance of permanent position. Since 1926 the firms in the "100 largest" have changed considerably. Only 41 of the "100 largest" of 1926 are still on the "100 largest" list. Such shifting of industrial leaders is a graphic picture of national growth, corporate enterprise, competition and changing public demand.

The First National City Bank of New York goes on to observe, "there will continue, of course, to be shifts in the position of the business leaders, who are under constant pressure from their competition and whose bigness alone is no guarantee of lasting success. Big business as well as small business must always keep alert to serve the public which, in the last analysis determines the size which any organization may attain."

It is rather well known that certain industries are more cyclical than others. Steel has always been especially cyclical in its production activity and a considerable amount of the present unemployment is in the steel making areas. Even in the steel industry, 1958 is expected to have total production of about 100 million tons as against about 115 million tons in 1957. These figures are those of the forecast by Mr. Bradford B. Smith, economist of the United States Steel Corporation. This can hardly be considered as a really sharp decline! Even this rate is expected to increase somewhat in the second half of 1958.

It is pretty well agreed, that we shall see a stepped up military program in 1958, but the program will not be known until after Congress convenes in January. Even a picus aim toward a balanced budget is likely to get little consideration.

Some investors are restricting their selections to what are termed "defensive" groups, that have shown the smallest decline in market price, from their 1957 highs. They are food chains, food processors, telephone, electric utilities, and drugs. Securities of companies serving natural gas to householders, have resisted decline in market value. For most of these companies, the problem is getting enough gas to satisfy demands rather than the seeking of customers. Gas supplies are

Increasing rapidly thru new and expanded pipe line facilities.
